PRINTED IN THE USA

Welcome to another year ... another fresh start, another grand opportunity to reach our goals, another chapter in this wonderful thing called LIFE!

2021 WAS QUITE A YEAR, but it offered a glimpse of promise as things slowly ventured back to normal. While today's "normal" is quite different from yesterday's "normal", 2021 did allow for the ease of restrictions related to COVID. While the restrictions varied based on what country you resided, we saw an increase of gatherings, promo events, photo shoots, and other face-to-face networking.

WE WERE FORTUNATE, and grateful, to be able to release 22 issues of RHK Magazine in 2021! Our wonderful team never missed a month ... in fact, we were able to publish twice monthly in some cases, thanks to the plethora of submissions we received!

Another accomplishment was our ability to expand our global reach, which now includes networking with models and photographers in USA, UK, Canada, Italy, and Singapore.

LAST, BUT NOT LEAST, was the approach to our subscription-based model. Now, once you subscribe for one low price, you will gain access to our entire library of publications ... over 235 issues featuring the world's hottest glamour and nude models!

Thank you for everything ... I sincerely appreciate each and every one of you! Let's make 2022 a great year!

Don't Let Your Looks Blow Your Interview

The perfect resume means nothing if you can't sell yourself at a job interview. And most interviewers form an opinion before you shake their hand ... potential employers really do judge books by their covers.

So, how can you dress to get your foot in the door?

The most important element when dressing for a job interview is to evaluate your setting. Different offices enforce different dress codes -- an advertising agency, for example, might allow a little more personality than a government office. If the employer has an HR department, ask someone there about the company dress code. When in doubt, dress conservatively.

While you don't always need to wear a suit, keep in mind that you should dress for a position two levels higher than the one for which you are interviewing. If that means wearing a suit, choose a well-fitted, neatly-pressed suit in a dark, neutral color other than solid black.

Even if you opt for a more business-casual look, wear a collared shirt and a jacket. Make sure that all clothes fit well, are clean, and do not have loose threads or wrinkles.

And, although often overlooked, remember it's what is inside that counts. While your interviewer certainly shouldn't see them, it is important to choose the right kind of underwear. According to a recent Calvin Klein Underwear survey that polled 600 men and 400 women (available at survey.com), approximately 70 percent of those polled admit their undergarments are an extension of their personality. In addition, 80 percent say a good pair makes them feel more confident.

"Whether you are wearing a crisp white shirt with slacks or a tailored suit, it's important to set your foundation with a stylish and comfortable set of underwear."

- Jeannie Mai, celebrity stylist, host of Style Network's "How Do I Look" and "Extra" correspondent.

"Consider Calvin Klein's Classic Two Pack Boxer Briefs (www.cku.com). They are 100 percent cotton with a traditional fit, and are sexy, yet functional, with the signature logo waistband. Available in black and white, they can lend added confidence for your interview."

To add the final touches to your dressed-to-impress style, polish your shoes to demonstrate attention to detail. Cleanly groom your hair, and you'll show any respective employer that you mean business!

How long have you been modeling? For about a year.

How would you describe your modeling style? Like to keep it fun, classy, and alluring.

What is your most memorable moment as a model? My first photo shoot ever. Made me come out of my shell and feel confident.

What are your modeling goals, short-term and long-term? To get over being my worst critic. I've come a long way and I need to be proud.

What is your sexiest feature? My eyes.

I was always told to go after everything I wanted, to put my mind to it, and I'd get it ...

Who or what inspired you to start modeling? My family used to joke that I had the legs for it. I love how you can be anyone you want when you model. The very best version of yourself. I was always told to go after everything I wanted, to put my mind to it, and I'd get it. This has always been a dream.

How Can More Sex Extend Your Life?

Today, many couples are experiencing what is known as the "sexless marriage," or a marriage in which a couple has sex only a few times each year.

But what many of these couples fail to realize is that they are missing out on the benefits that sex provides, not only for reasons of emotional intimacy, but also for its physical benefits.
Sexless marriages are neither normal nor inevitable.

Setting aside time for intimacy works for some couples, while others find help from all-natural sex aids, like Magic Power Coffee (magicpowercoffee.com) or Viagra.

But if you are looking for additional motivation in the bedroom, simply recall the benefits a healthy sex life can provide that will keep you feeling youthful, longer:

Weight Control. Sex can burn 84 calories in 30 minutes, while also improving heart and muscle strength, flexibility and muscle tone. Having regular sex can be used as a tool for couples who are looking to shed pounds or maintain a healthy weight.

Pain Relief. Before popping another aspirin, think about hopping into bed. Sex naturally releases endorphins and corticosteroids, which can help relieve pain from migraines, menstrual cramps and chronic back problems.

Better Sleep. Making love can help insomniacs fall asleep, and it's certainly more fun than counting sheep or keeping you partner awake as you toss and turn. Getting enough sleep carries its own health benefits, including healthy weight and blood pressure.

Stress Relief. Sex lowers both blood pressure and overall stress. In a study reported in the journal Biological Psychology, individuals who had intercourse performed better in high-stress situations like public speaking and verbal arithmetic.

Reduces prostate cancer risk. **An Australian study, reported in the British Journal of Urology International, found that 20-something men who led healthy sex lives were less likely to develop prostate cancer later in life.**

Hello Guys! I am Mercy Li from Singapore. I used to work as a Public Relations Manager in a reputable bank in Singapore. However, I am tired of the 9 to 5 office job, and decided to resign to do something that I am enjoying. I am currently a freelance Public Relations Consultant and used to work as a Hooters waitress in Singapore.

How long have you been modeling? I only started glamour modeling in the recent years. Luckily, my parents are computer illiterate as they do not know that I am working as a glamour model.

Who or what inspired you to start modeling? Well, I grew up in a conservative Chinese family. I am the only child and living with my elderly parents in Singapore. I can imagine my Daddy fall from the chair if he sees my photos in this magazine. So please don't call me in public if you see me on the street, especially when I am with my parents. It is an accident as I was spotted by a modeling agency scout when I was in a lingerie boutique, whereby he feels that I am a great fit as a glamour model.

How would you describe your model style? I am open minded when come to modeling. Willing to try new things. But, I would say my current modeling styles are glamour, swimsuit and lingerie.

What is your most memorable moment as a model? I am honored to be featured in some of the reputable magazines. I hope RHK Empire will also consider me as their cover girl too.

What are your modeling goals, short-term and long-term? At the moment, it is hard for me to plan due to COVID19. Every day is a changing day for me. I just hope to gain more exposure in modeling.

What is your sexiest feature? I would say it is my intelligence. No matter what your gender or preferences. The journal of personality and social psychology reveals the importance of cognitive evaluation as a determinant of interpersonal attraction. You don't necessarily have to be a massive brain or a huge nerd to turn a man on, but you do need to be somewhat intelligent and able to carry on an interesting and equitable conversation. Of course, it is a value added if the woman is blessed with voluptuous figure.
